

When YOUR university is registered* with

YOU can have your own Login

Just click on Personal Log In and Register your own Username and Password

Why have a Personal Log In?

You'll have access to your own usage history, personal details, you can set up your own personal Preferences, change your Password, and notify us of faulty or missing pages; we update registered users on additions or alterations, as they happen.

And then there's

Your Personal Bookshelf

where you can keep your own collection of pages on which you are working – as many as you like and for as long as your university has access.

Plus

If you wish to access a particular title to which your university *may not* currently have a licence, you can subscribe personally, via your Personal Log In, to access all available archives;

simply go to My Account and Upgrade Account for

Education access, with Education rights‡... and at Education Discounts.
